

# BizWize

the things that matter

At BizWize, we are **obsessed** with the things that matter.

Through automating business data, financials and operational processes, we make sure that **our clients can now also focus on the things that matter to them most.**

## 3 PILLAR SOLUTION OFFERING

### Data Integration & Data Quality

Our platform enables the **preparation, integration & governance** of your company's data which vastly accelerates the discovery and availability of real-time, analytics-ready data by automating data streaming, refinement, cataloguing and publishing.

### Process Automation

Software that enables businesses to **systematically automate** and make their business digital. This improves process efficiency and empowers effective business management.

### Auto Reconciliation & Attestation

A packaged financial close solution that will automate **reconciliations and balance sheet substantiation processes**, ensuring value at risk is managed efficiently with less time and resources.

Enabling businesses to have full ownership and responsibility for their balance sheet accounts, improving operational excellence and reducing cost of ownership.

Let your team move away from manual monotony and inspire them to focus on resolving exceptions instead of looking for them.
